1961 Rural Traffic Accident Report

Comanche County's rural traffic accident report for the past four years, compiled by Texas Highway Patrolmen W. H. T. Long and H. M. Couch, shows a 1961 increase in fatalities, but a marked increase in property damage, as compared to 1960. The Highway Patrolmen reported that State Highway No. 36 through Comanche County continues to lead as the route on which most motor vehicle mishaps occur. Patrolmen Long and Couch point out that in some instances, motorists are neglecting to abide by a Texas law requiring that all motor vehicle accidents resulting in \$25 property damage or personal injury, be reported to the Department of Public Safety. Failure to report such accident may result in a penalty.

INDIANS BEAT COLEMAN

The Comanche Indians broke a four-game losing streak here Tuesday night, dumping the Coleman Bluecat cagers, 56-48.

Jerry Todd, Indian center, and Hugh Fletcher, forward, shared scoring honors with 14 points each. Harold Perkins, guard, and Jerry Norris, forward, also hit in the double figures—with 11 points each. Rusty Durham, with 4, and Tom Brightman, with 2 points, rounded out the scoring for the locals.

Mike Hayes, Bluecat forward, led all point-makers in the game, hitting for 18; followed by Burns of the visitors, who looped in 11.

Comanche led all the way, with the exception of a brief minute in the opening quarter, when the Bluecats grabbed a 3-2 lead. At the quarter, the Indians were out in front 9-4, and at intermission time led 26-24. A good third quarter put the Indians out in front with an eleven point bulge.

The Braves, B team of the Indians, dropped a closely matched, hard fought 37-35 tilt to the R aggregation from Coleman. Billy Williams led the point-makers for the tilt, by hitting the basket for 20 points for the Braves. Skipper Shumpes was second high scorer for the locals, and high scorer for the Comanche boys team will be played in Cisco Friday night.

The Indian Maidens are competing in the De Leon Girls Invitation Tournament this week.

OSCAR STEWART DIES
Oscar Stewart, formerly of Comanche County, died Wednesday, January 3 in Greenville. Mr. Stewart was the brother of the late Luke Stewart, Comanche and Rob Stewart of Sidney. He still has many relatives in Comanche. Final rites are pending.

RETIRED POSTMASTER—Robert L. Eaton, Comanche postmaster for the past 17 years, retired from the post December 31. During Mr. Eaton's tenure, Comanche Post Office receipts gained steadily, and the 1961 total will set a new record for the local office, at \$50,000. Prior to accepting the postmastership here, Mr. Eaton was cashier at the Comanche National Bank. Mr. Eaton, retiring at the 70-year age regulation, says that he's "just going to take things easy for a while."

YOUNGEST POSTMASTER—James Ernest (Jim) Carpenter, at the age of 35, took over the duties Monday as Comanche's acting postmaster. Carpenter, active in civic and church affairs, has been an employee at the local post office for 12½ years—the last two years as a clerk. A veteran of World War II and the Korean Conflict, he is the son of Mr. and Mrs. John T. Carpenter. Comanche's new acting postmaster is married to the former Miss Charlene Stewart, and they are the parents of three children. The family resides at 363 W. Highland.

Guy J. Gunter Of Gustine Presented Highest FFA Adult Award

by RONNIE CALCOTE, Reporter, Gustine FFA Chapter

The highest honor that can be bestowed on an adult by the State Association of Future Farmers of America was presented to Guy J. Gunter of Gustine in Stephenville, December 4, before over 300 Future Farmers, Sweethearts and friends. The presentation was made by State Executive Secretary of the FFA, Clemon Montgomery, and Area IV Vocational Agriculture Supervisor Jake B. Payne.

Mr. Gunter has for many years rendered outstanding service to the Future Farmers of America. The invaluable assistance given boys and girls in Gustine and surrounding communities, will not soon be forgotten. His outstanding cooperative spirit, plus the modest unselfish way in which these deeds are done, make us proud to have a part in this presentation.

Wade Collins, Gustine, also an active supporter of the FFA, was present to receive the award.

D. F. Caraway Is Candidate For County Judge

D. F. Caraway, 907 N. Page St., Comanche, this week announces his candidacy for County Judge, Comanche County, subject to action of the 1962 Democratic primaries.

Caraway, 43, has been Chairman of the Comanche County Democratic Executive Committee for the past several years. He operates a large dairy in partnership with his father-in-law, John Pogue in the Newburg community. Caraway is a past president of the Comanche County Dairy Association. Caraway, though a Comanche resident, has been active in the Newburg Community Club, and is a former president of that civic organization which serves the community in which his dairy interests are located.

Caraway, son of Mr. and Mrs. G. F. Caraway of Energy, received his early schooling at Energy when a school was maintained in that community. He is a graduate of Gustine High School, and later attended John Tarleton College, now Tarleton State College. He is married to the former Mary Pogue, teacher in the Comanche Public School System. The Caraways are parents of two daughters: Nancy, a senior in Comanche High School, and Jane, a Comanche Junior High eighth grader. The Caraways are members of the First Baptist Church in Comanche. The candidate for county judge is also an active member of the Lions Club. He is a veteran of World War II.

D. F. CARAWAY

Discussing his candidacy for the county judge post, Caraway said he is seeking the post on his own merits, and will make an active campaign. "I have no selfish interests to serve, and in my campaign, I would welcome open discussion with the Comanche County citizenry on points pertaining to our county governmental affairs."

"I honestly feel that Comanche County is among the best in Texas, and with cooperation and understanding among our people, we have no problems that we cannot solve to make Comanche County even more outstanding in the field of economics and good government," Caraway concluded.

Los! GD-Fort Worth Sewer Line Traced Easily, Using Isotope, Geiger Counter

They've found another "peaceful use for atomic energy" at GD/Fort Worth.

After installing a new sink in a test lab facility, workmen sought to link the sink to an existing sewer line. Working with a 21-year-old blueprint, workmen traced the sewer line wasn't there. The blueprint was off.

G. S. Dean, general foreman in construction, called Joe Hall of health physics, for a Geiger counter and radioactive isotope.

The isotope, attached to a long wire, was pushed down the sewer line. As it moved along Hall traced its route with his Geiger counter.

Health Physics Administrator F. L. Paschal Jr. admits the application was novel at GD/Fort Worth, though Hall had predicted the possibility two years ago in an Employee Suggestion.

Hall is the son of Mr. and Mrs. Homer Hall, Rt. 4, Comanche health physics, for a Geiger counter.

Jaycees Search For Outstanding Young Farmer From Area

The Comanche Jaycees have begun their fourth annual search for the Outstanding Young Farmer of 1961, according to Dale Nowlin, Jaycee president.

Roy Brannan, Jr., program chairman, reports Murray Cox, widely known Farm Director of WFAA Dallas, will speak at the Monday, January 29th banquet in Comanche. Heading up the banquet committee are Daymon Poewr and Weldon Turner.

Brannan says "We're encouraging each community and civic group to get their entry in early. A Jaycee will be assigned to work with each entry."

Nominees must be age 21 thru 35, not becoming 36 Jan. 1, 1961. Entry blanks are available from Brannan or the County Agent's office.

Cub Scouts To Meet Here Jan. 12

The Cub Scout meeting scheduled for Thursday night, January 4 has been postponed until Friday, January 12. The meeting will be held in the basement of the First Methodist Church starting at 7:00 p.m.

John Watson, of Goldthwaite, Comanche Trail Area Scout Executive, urges all Cub Scouts and prospective Cub Scouts in the 9 to 11 year age group, together with their parents and all other persons interested in the Cub Scouting program, to be present at this important meeting, as final plans for the 1962 Scouting year are to be formulated.

GAIL ANTHONY MAKES TCU CONCERT BAND
Miss Gail Anthony, daughter of Mr. and Mrs. Boyd Anthony, Comanche, and a 1961 CHS graduate, has made the Texas Christian University concert band.

Miss Anthony, who plays the bassoon, made her first appearance with the TCU Band, last week at the dedication of the new TCU Field House.

ATOMS AT WORK—GD/Fort Worth Health Physicist Joe Hall, former Comanchean, uses Geiger counter to follow path of radioactive isotope moving through underground pipe line. Dept. 25 General Foreman G. S. Dean traces path with chalk.

Prospects Are Bright In Comanche Area For 1962 . . .

1961 was a good year for local Comanche Countians—and prospects are in evidence that the New Year 1962 will exceed his pace—and be one of the best, and exceed this progressive pace.

Building, during the year, continued to set records. School enrollment is up, as well as utility connections on the increase—indicating a gain in population.

Bank deposits in the two Comanche banks total nearly \$6,500,000—probably an all-time high.

Reactor Lake

By contract in this area is the Proctor Dam spillway construction now underway. Armstrong and Ryan Construction Company of Albuquerque and South New Mexico, have the contract at \$5,750,000—and are now getting construction under way.

All utility connections in Comanche have 950 working days to complete this phase of the \$16,500,000 Proctor Lake. "We plan to work some 135 to 150 men from the area in this construction project," say officials from the New Mexico contracting firm.

Big Carloadings
Santa Fe Railway officials report that Comanche has more incoming and outgoing carload freight shipments than any other point between Comanche and San Angelo.

1961 saw 881 solid carloads of freight coming into Comanche—and a total of 356 cars being shipped out. Handling of peanuts was the big item—followed by fertilizer products, flour and feed, and lumber. Receipts at the local Santa Fe depot during 1961 exceeded \$360,000.

Utility Connections Increase

Comanche showed an upswing in 1961 over 1960. Texas Power & Light Company now has 1,687 meters connected inside the city limits. Water connections have gone over the 1,500 mark, and gas connections showed a gain of some 50, and is also over 1,500.

The Comanche County REA, which headquarters in Comanche, employing more than 30 people and serving a six county area, has in the planning stage expenditures for line extension during the New Year of from \$100,000 to \$150,000. Rural telephone connections show a gain of 75 over last year, and now total 579 served by the Comanche County Telephone Cooperative.

1961 saw the first use of the modern dial telephone system, owned by General Telephone Company, in Comanche. The Comanche County Telephone Cooperative Association also

operates under the dial system.

Big Highway Construction
Highway construction in the Comanche County area is a big-money proposition, showing 1961 completion of Farm Roads from Newburg to Energy, Energy to the Hamilton County line \$248,692; 83.7 miles of seal coat construction at \$107,000; completion of Farm Road 573 to Democrat from Comanche, at \$103,502, and from Democrat to Moore Creek at \$102,787.

Big highway construction in Comanche County is State Highway 16—a new highway from Comanche to De Leon. Work is now underway on this \$1,515,782.74 job. Farm Road 1689 from Comanche to Sidney, at a figure of \$177,054, is nearing completion.

Moorman Plant Underway
One of the most important industrial developments of 1961

for Comanche and the Comanche County was the landing of the new Moorman Manufacturing Plant here.

The Moorman Company, recognized as one of the "blue ribbon concerns in the manufacture of protein supplements and animal health needs, is building a modern new manufacturing plant and warehouse and office facilities near the city limits, Brownwood Highway. Construction of the plant is now underway, and completion date has been set for June 1, 1962.

New School Building
The Comanche Independent School District voters recently approved a \$250,000 bond issue to build a new Junior High School plant here.

A&P Food Store is moving into a new and spacious building, January 15, at the "Y" Brownwood Highway. The Mc-

Donald Building, west side of square, sold last week, and a new and modern business (with a 50-foot front) is to open there in mid-summer.

Comanche gained a new hospital in 1961—as Dr. Roy D. Mims and Dr. C. D. Wright remodeled the Chaney-Mims Motel, and converted the structure into a modern new hospital and clinic.

The Comanche Hospital, Inc., formerly Blackwood Hospital, underwent considerable remodeling and adding of shelving equipment during the past year. The Durham firm receives and ships many cars of peanuts each year.

Choice Baking Company, owned by Earl Oden and John S. Brazier, practically doubled the floor space of the cookie plant here—adding new equipment too. The local cookie plant is the second largest in Texas.

Lumber yards, contractors, and builders all had a busy

1961—which saw many new homes constructed—some fifty within the city limits, as well as improvements made to many other residences and commercial property.

The new 31 unit, modern brick City Housing project, on East Walcott, was completed at a cost of \$131,000.

Durham Peanut Company, the area's largest shipper and receiver of products by rail, underwent considerable plant remodeling and adding of shelving equipment during the past year. The Durham firm receives and ships many cars of peanuts each year.

Plans are nearing completion too, for the establishment of a modern, new 30-room, fifty-bed nursing home here. A building loan of \$150,000 for construction of this rest home has been tentatively approved.

Mentioned are some of the major moves that show Comanche and Comanche County, by banding together, has been showing a steady, progressive pace—and that 1962 is off, possibly to the best start ever—and that banding together, progressive planning and hard work, that continued growth and prosperity lie ahead!

ers and warehousemen, have a newly remodeled office. M. & S. Trading Post has put in a new mattress factory, doubling their floor space, too.

Local motor freight agents report a record year, 1961—both of incoming and outgoing freight shipments.

A beautiful Christmas folder comes all the way from Guilford, Mississippi from our good friend, Mrs. Kate Stratton, a woman who has been in this old world for a long time but ever remains young in spirit and in her outlook on life. It always was a pleasure to talk to her, and when you left her you felt that you had been in the presence of a great person.

We wish her a happy New Year and may she spread as much joy in and around her new home as she did while living here in Comanche.

A Christmas folder from Grace and Elton Dudley and their four

strong sons, Claude, Tom, Ray, and Harry, says "Just wishing for you and for those you hold dear, a bright and Merry Christmas and a Wonderful Year."

Grace comes from the Lacy family, a pioneer family like that of the Dudleys, both of which have played an important part in the progress of Comanche County, and we believe that this particular family can make an equal, if not even a better record.

A card from Baytown comes from Grace and Jimmy Schiller and their children, Curt and Karen. It is a pleasure to be connected by marriage with this fine family which is making their mark in this world of competition where only the strong arise above the level. Jimmy is nationally and internationally known in his particular field of science.

A beautiful card comes from Marvin and Lois Guthrie, which says, "To bring you Christmas wishes and a very Happy New Year."

Here is a couple who is always ready to help others when needed and they always do a good job. It is nice to have friends like Lois and Marvin. Their home in the summer time always looks bright and cheery with pretty flowers in the yard and tempting vegetables in the garden.

A card we appreciate very much comes from Jim (J. B.) and Grace Lacy which says, "Just saying 'Merry Christmas' and realizing, too, that no one in the world, deserve more happiness than you."

We would like to think that was true, and will try to live better so that we can more nearly reach that goal.

The Lacy family has been important factor in the history of Comanche County for many years and we believe that Jim is one of the few male members left in the county to uphold that name. Their sons and other kin of the family are doing their part in other sections of the state.

A Christmas card from Austin comes from Allene and Vern Sanford which says, "No humbug about it—Have a Dickens of a Christmas." Vern is president of the Texas Press Association and is making a dickens of a good executive.

Here is a pretty Christmas card which comes from Euell and Alida Arthur, which simply says, "To wish you a Merry Christmas

and a Happy New Year—Love."

The first of that sentence was printed, but the last word was written in and we hope they meant just that, and we will try to be worthy enough to deserve it. It is a pleasure to have friends like the Arthurs.

A lovely Christmas card comes from Mrs. F. L. Little, which says, "May the memory of this Christmas shine brightly in your heart throughout the New Year."

Mrs. Little is one of our favorite women of Comanche and one of the most interesting and talented. We venture that she knows as much, or perhaps more, about the history of Comanche than any other woman.

A much appreciated Christmas folder comes from Mr. and Mrs. Marshall Meyers. This is one of the choice families of Comanche. Gus has been with The Chief since the end of World War II and during all these years has

done a good job. It is easy to work with such men as Gus. Mrs. Meyers was a Franks before her marriage and that means their children have parents on each side of the family of which to be proud and a goal for them to strive to live up to.

A card from the Dicksons—Angus, Rubye, Dicky, Jerry, and Mike, says, "Thinking of you at Christmas, as the carols fill the air, may the Season's joy be with you always and everywhere."

Who could express a better wish to you than that?

Angus is generally regarded as one of the best county agents in Texas and we do not believe that there is a person in Comanche County who would dispute it.

One of the Christmas cards we appreciate most comes from Mrs. Nick Higginbotham.

We began to appreciate her and her late husband, Nick, as soon

as they moved to Comanche and it seems as if almost everyone else felt the same way.

Mrs. Higginbotham has such a beautiful home on North Elm Street, and usually has one of the prettiest yards in town. We wish her all good things she deserves during the coming year.

A card from Miss Minnie and Dr. C. C. Klingman says, "To wish you a Merry Christmas and a Happy New Year." They are one of the most intellectual couples in Texas, both retired school teachers, and Dr. Klingman is a minister who still preaches occasionally, but not for pay. We hope that all the good things that they deserve will come their way this year, and it would be hard to name a couple who deserves more.

A card comes from Mary and Jim Bumpas, which we appreciate very much, which says, "The season's greetings and best wishes for a bright New Year." We have known Jim a long time and if it would not make it sound like I was too old, I would say that it was a pleasure to have him come to Comanche. Jim has been doing a good job all these years and he was fortunate to meet and marry Mary, who is such a charming and deserving person.

A card that we appreciate very much comes from 103 Mount Rose Blvd., Lafayette, Louisiana, from Jerry M. Tricky and wife, "Sissie."

Sissie is the sister of our daughter-in-law, Mary, and Jerry is a graduate of Texas A&M College. With these connections you would naturally think that they are a fine couple and they are even more than that—they are great, as far as we can judge.

It is always a pleasure to meet and talk with them when they occasionally visit Mary and James.

A Christmas card that we always look forward to, and appreciate, comes from our brother, John and his pretty wife, Ella, Rt. 1, Azle.

John has lived in Parker County all his life and Ella moved there from Tennessee when she was a small child. They are interested in church and community work and in ranching. We wish them good luck and continued happiness during all their years to come.

A lovely Christmas card from Beal and Pauline McDaniel says, "May the warmth and joy of Christmas remain with you all year."

Beal and Pauline are important people of Comanche who know how to feed you well. They probably operate the biggest cafeteria between San Angelo and Fort Worth. Beal is quite a football fan too, but he has been so busy with his cafeteria and with building a new new building nearby for the A&P Food Store, that he has not had much time for football pleasure the past season.

A card that we always appreciate comes from Mr. and Mrs. William C. Chilton and their lovely and talented daughter, Martha. They are a fine trio and are an asset to our town and county.

Martha is a senior this year at TCU and has been one of that famous institution's most outstanding students during the last four years.

She was an all-around girl at CHS, starring in basketball, and leading in the National Honor Society, and took first place in the State Meet at Austin in the public speaking contest.

Martha's ambition is to be a school teacher and a basketball coach—and lucky will be the school that secures her services.

A lovely Christmas card comes from our pretty, talented granddaughter, Lynn Wetzel Gibson and her ambitious husband, Harlan Gibson, 14013 Buxley, Houston, 45, Texas.

Their message says, "Here's to

happiness at Christmas. But, of course, that isn't all. Here's to joy each day of winter and of summer, spring and fall."

Lynn was just graduate from San Jacinto High School of Houston on December 4, 1961, and already has a good position with the office clerical force of Prudential Life Insurance Company in Houston.

We wish this young couple all the luck and success that they so richly deserve.

Among the Christmas letters we received was one from Minnie Corbin of Gustine, along with which was enclosed a check for a year's subscription to the Comanche Chief. Years ago, she was Gustine correspondent for The Chief and always did a good job. We wish for her a Merry Christmas and a Happy New Year and happiness through all the years to come.

Among the Christmas cards received which we most highly appreciate is one from Ruth Loudemilk, Comanche's City Secretary, and her two fine sons, Butch and Tucker.

Ruth is a good secretary and a fine mother to her sons, and a great supporter of CHS athletics. Something always seems to be missing when she is not at the game or in her office to welcome you.

"A Christmas wish for joy and cheer" comes from Mr. and Mrs. Tom Cox, Jr. and their pretty daughters, Polly, Bettie, and Sue. These five make up a happy family and life is always more pleasant when they are about. They are faithful and efficient at home, at church, in school and in their place of business, and are just the kind of people who help make Comanche a better place in which to live.

A Christmas letter that makes you think, comes from Rev. Plez Todd, pastor of the Comanche First Methodist Church, and his

lovely wife, Adelle, and their fine son, Jerry.

It says: "Christmas is many things beyond the burning of candles and the tradition of the lighted tree."

"It's the being together of families, the delighted laughter of children, the love of all these around you and the longing for those apart."

"Christmas is the flame of faith, the hope of peace, and joy that lasts. So keep Christmas in your heart, that you may be kept in hope."

"May God grant these gifts to you—His star to lead you on your way; the joy and faith and friendship that comes to you with this glad day; the light of peace to bless and guide you, wherever you may go along God's directed path."

We are especially pleased with a beautiful Christmas card from College Station that comes from Eill and Nan Curry, which says, "May the spirit of the season and its joyous meaning, fill your heart with lasting faith, and bring happiness to you."

Bill and Nan, who spent Christmas holidays in Comanche with home folks, are just the most deserving people we know. We are sure that all of them, will join us in wishing them the finer things of life that always seem to go to those who trust in Him and look to Him for guidance as they work to accomplish their goal.

A letter from Norris Insurance Company sends season's greetings along with a miniature calendar. Success of the Norris business shows what hard work, preparation and trust in God's guidance will do for those who try to their best.

A much appreciated card comes from Principal Wyatt Lee of the J. B. Layne Elementary School, and his fine wife, family which says, "Once again it is Christmas. May it bring peace and contentment and happiness."

Mr. Morris, a graduate of Baylor College, and a member in the U.S. Armed Forces Reserve.

Brief History Of Comanche Conuty

FROM THE COMANCHE CHIEF
MARCH, 1925
Published by
The Comanche Publishing Company,
D. K. Doyle, Editor.

This particular article, the first of a series, was written by the late G. A. Beeman, founder of The Comanche Chief in 1873. Mr. Beeman did not live in Comanche further west in Texas, and was spending a three months summer vacation with relatives in Comanche at that time.

When I moved to Comanche and established The Chief in 1873, Indians were still common in this section. They made a raid on Comanche during the early summer of that year, driving away many horses, taking some from within 300 feet of my home. Captain Jack Wright and Bud Clark fired at the redmen, but as the savages were after horses instead of scalps, they did not return the fire.

For some time the headquarters for the Comanche Indians had been on the Concho River in what is now Concho County. They had a village there and painted pictures on the bluffs and wrote inscriptions in their sign language on the rocks and these pictures remain there until this good day.

When I first came to Comanche the Civil War had been over less than 8 years and many reckless Union soldiers and camp-followers were turned loose from the military camps and prisons and many of these men came into Comanche County. Comanche was the last outpost of the settled portion of this area and caught the full blast of the crime wave that spread over Texas and to a certain extent, the South as a whole.

In 1873 there was no railroad at either Fort Worth or Waco. Our connections with these points were by horseback or a second class "hack", often mislabeled a stage.

At one time John Hamilton, who was county treasurer here, and who had lost one arm during the Civil War, was on the stage, bringing several thousand dollars on his person from Waco. Some five or six other men were on the stage which was driven by the inimitable Joe Hammers. When the stage was a few miles out of Waco, it was held up by two outlaws. When they searched all the other men and started to search Hamilton, Hammers made so much fun of them for robbing a one-armed Confederate soldier that they let him go, altho the robbers went away altho most empty handed as Hamilton was the only man who carried any money of consequence.

Early in 1874 a band of 42 outlaws invaded Comanche and camped for two or three weeks on Mercer Creek. Some early Comanche historians says that John Wesley Hardin was part of the crowd, but I am sure that neither Hardin nor any of his men were with them.

Hardin was reared in South Texas and first came to Comanche about tris same time passing peacefully through with one or more herd of cattle headed for Kansas. He usually kept in touch with his herdsmen and lingered for in Comanche for a few days. The Mercer Creek Gang was mostly youngsters from further East Texas, banded together for mutual protection and safety in deeds of outlawry.

Some 30 years later, around the turn of the century, I was in North Texas selling life insurance and met and had business relations there with a most excellent physician who examined my clients when they took out insurances.

One day the doctor asked me if I did not remember him, and said that he had known me a long time and said that he was once a member of the Mercer Creek Outlaws near Comanche. He said he came from a good home, but was young and restless at that time and came under bad influence. Men can always reform "as long as the lamp of life holds out to burn, but he must always bear the scar."

Ben Valeni
In the early days there was much card and dice playing in the saloons, boarding houses, and hotels of Comanche. One of the most famous poker players was Ben Valeni. We presumed by his name that he was an Italian. By profession he was a devotee of the fascinating game of chance known as "poker" and his legal residence was in the city of Eastland. Another man especially good at cards and dice, was a shorty looking young man by the name of Taylor living on Copper-

as Creek of this county. It was known that Ben Valeni spent a night or two with Taylor and that after that he disappeared. Within a few days after that Taylor was seen wearing Ben's coat and the Valeni horse was running foot loose in the neighborhood.

Naturally the neighbors jumped to the conclusion that Ben Valeni had been killed by Taylor. Taylor was arrested and thrown in jail and several hundred men assembled to search the woods for Ben's body. The surrounding country was combed for several days without avail.

At that time there was one "Snakey" Johnson living in the vicinity of where Proctor now is. Snakey was subject to violent confusions and had he lived in the early days of history he might have been considered to be "bewitched" or "possessed of the Evil." At this time, however, he had a great reputation as a seer and a prophet. He said that he could tell where all the lost horses and cattle had wandered off to. In fact he said he could discover buried treasures and solve all the vexing problems of the county.

A man by the name of Yeats was sheriff of Comanche County at the time and when all his efforts had failed to arrest the culprit who had been the leader of the gang who was causing all the mischief in the county he sent for Snakey.

After Snakey had completed all his contortions and incantations, he declared that Ben Valeni's body had been sunk and buried in a certain water hole in Copperas Creek. The hole was thoroughly dragged and searched without results.

The crowd continued, however, to search for Valeni's body for several days during which times they camped out at night in the woods. Several amusing incidents occurred. That was in the days before the Negroes had been driven out of Comanche County, and there was a dignified old Negro preached among the crowd and he suggested a Bible test as follows:

lows:
"Tie a door key to a Bible, suspend it by the edge of the key resting in a finger of two men, then chant the following:
"By St. Peter, by St. Paul,
By the Lord who loves all;
If Bill Taylor killed this man,
Good Book, turn around and fall."

Nothing happened and then several more names were tried without success. Then the old darkey's name finally was tried, and promptly the Bible came down; and immediately a rope was called for and thrown over the limb of a tree and the poor darkey thought his time had come.

But about that time a stranger arrived and announced that Ben Valeni had been located in Galveston, Texas, safe and sound playing in a dice game.

Comanche County's 41 Railroad Employees Earn \$246,082 During 1962

Comanche County's 41 railroad employees contribute \$246,082 to the economic well-being of the area each year.

The figure may well be conservative. It is based upon a consumer report by the U. S. Department of Labor, which shows the average employee in all industries spends \$6,002 each year. The average pay of railroad workers this year is \$6,270, an increase of \$1,661 in the last five years.

Expenditures by railroad employees, which, of course, is in addition to large sums spent by the railroads in purchase of supplies and equipment and for taxes, extends into all facets of the economy.

The Labor Department's "survey of consumer expenditures" shows workers dollars are spent in this way: \$523 for taxes, \$1,596 for food, \$93 tobacco, \$498 housing, \$198 household items, \$416 furniture, \$609 clothing, \$877 transportation, \$246 medical care, \$13 beauty aids, \$340 recreation, \$8 miscellaneous, \$192 charity, \$43 insurance.

Latest figures available for the railroads show that they paid \$1,166 in taxes in Comanche County for the benefit of schools, county and city operations, and road and bridge funds in 1962.

CHIEF EDITOR ONCE HAD ATHLETIC ASPIRATIONS

Insert copied from the Comanche High School WAR-WHOOP ring Number Vol.1, Number 3, March 1913, concerning a young IS Latin teacher, J. C. Wilker-

son, reads as follows: "It is reported that Mr. Wilker-son has ambition yet to become an athlete and has sent in his name to the State Athletic Association and desires to enter for a try-out croquet. Writers on health tell what is known as football is a game, being a strained condition of the muscles of the heart caused by over taxing thereof. Mr. Wilker-son's friends are watching him with much anxiety, lest the strenuousness of croquet bring on a heart-attack or permanent heart impairment."

HERE ARE 2 OF THE NEW JET-SMOOTH CHEVROLETS

WHICH ONE IS THE CONVERTIBLE AND WHICH THE HARDTOP?

Top one's our new Impala Sport Coupe whose steel roof line is a dead ringer for the Impala Convertible's below. But after rich new styling, what? In glamor and go, comfort and craftsmanship, here's all you'd reasonably expect of an expensive car. Except the expense.

Slip inside a Jet-smooth Chevrolet, relax and just notice how good you feel. Ready for action? Just flick the key and let'er purr (your choice of two standard engines—a 135-hp 6 or 170-hp V8—or optional-at-extra-cost V8's way up to a 409-hp

mile-shrinker). That gentle cradling motion you enjoy is Jet-smooth ride at work. And the rich interior and neat craftsmanship are Body by Fisher at work. Have your dealer give you the whole story. That's the work he loves best.

Christmas and a blessed New Year."

Dixie, before her marriage was the former Dixie Brightman, a double cousin of Mrs. Wilkerson.

is a member of a pioneer family of the Sipe Springs sector which has played an important part in the progress of Comanche almost since its organization.

A much appreciated Christmas folder comes from Judy and Ed

Frenley of Alvord, which says, "May the tidings which the Angels brought, 'Peace on Earth, Goodwill to Men,' make your Christmas just as bright and filled with just as many promises now, as then."

For many years Judy and Ed were among our closest neighbors and best friends and they were a great help to us, especially when Mrs. Wilkerson was sick so long. We will never forget them nor cease to love them.

A beautiful Christmas card comes from another one of our nearest neighbors, the Virgil Norris family—the family that won the first prize for having the best Christmas lighted home. It is a pleasure to watch how this family works in harmony and cooperation to get things done in the best possible manner, whatever the task is.

We mentioned earlier having received a card of greetings from Governor Daniel's office. We have now received another more personal one showing the picture of the Governor and his good looking wife and their three sons and pretty daughter, all standing on the doorsteps of the old historic Governor's Mansion. The Daniels' son, Price, Jr., is an advanced student at Baylor where his father was graduated as a young man. The other fine looking children appear to be still of high school age.

A lovely Christmas card, which we appreciate, comes from 4625 Avenue H, Rosenberg, Texas, and signed by Miss Floy H. Williams. The message says, "With every good wish for Christmas and the New Year."

An added note says, "I thought that you might like to know that I am teaching school at the Lamar School, which is Rosenberg and Richmond Consolidated into one large school. I hope you are all well."

A Christmas card from Texarkana, which we had been expecting for several days, came from our distinguished niece, Imogene M. English. The message says, "May all the joys of a real Merry Christmas Season be yours throughout the coming New Year."

Imogene, a graduate of Texas Wesleyan College, was a school teacher before she went into defense work at the beginning of World War II. For more than 15 years she has been the executive head of a division of a huge government munitions manufacturing plant at Texarkana, Texas, and is the only woman in the United States holding a similar post. Other heads of such departments are men.

A Christmas card comes all the way from Evansville, Indiana, signed Dixie and Ray, which says, "Wishing you a happy peaceful being the daughter of the late Mr. and Mrs. L. R. Brightman, who lived in Comanche for many years."

Dixie and her husband, Ray Clements, visited us here for a few days last summer and we found them a very interesting and entertaining couple whom we hope will come to see us again.

A unique Christmas card from Springtown, comes from Margaret and Otis (Cot) Ritchey. Margaret is our niece and is one of the efficient teachers at Springtown, Cot, who attended the University of Texas and lettered on the basketball team, is now an important business man at Springtown and does some farming on the side. They have a lovely young daughter, Nancy, who is as cute as she can be. The Ritcheys sold their former home last year and built an elegant new home a mile or so out of town with acreage enough to

again a few years ago, and her husband when they were living in Houston where he was a leading building contractor and real estate dealer and she was a fine woman active in church and civic affairs. We understand that they are making an even greater success in Arizona.

We received a much appreciated Christmas letter from Mrs. Emil A. Hansen, 2247 Panorama Terrace, Los Angeles, 39, Calif. Mrs. Hansen is the former Mayme King, daughter of Mrs. M. Atwood of Comanche, and a 1913 graduate of Comanche High School.

We always like to hear from Mayme. She has made a great success in California and it would nearly take a book to set down all her worthwhile accomplishments.

A card we always appreciate at Christmas time, is one from our sister, Annie Peden and her husband, Clarence, and their son, Frank, from the famous old town of Goodnight, Texas. We received a card from her this year, but somehow misplaced it before even opening it. We are sure we missed a treat because she always writes such interesting Christmas letters.

Annie attended North Texas State College and taught school for a few years before her marriage to D. C. Peden. The two had a rather romantic life the first few years after their marriage, homesteading a quarter of a section of land in New Mexico, where they farmed and he later became a railroad man, until he suffered an accident and had to retire.

For the last ten or fifteen years they have been living in the historic little town of Goodnight in Armstrong County up near the Cap Rock and the famous Palo Duro Canyon, one of our most picturesque parts of Texas, about 40 miles from Amarillo and not far from Canyon City, the home of West Texas State College, and the famous West Texas Museum.

Goodnight, once a college town, is the original home of the J. A. Goodnight Ranch, and is still the headquarters of that ranch.

Goodnight, now a one store town, once had a population of over 1,000, the 1925 Texas Almanac listing its population as 770. Claude, population 895, by the 1960 census, is the county seat of Armstrong County. Wheat is the principal farm product of Armstrong County which produces around 1,000,000 bushels our new Junior High School

in a good crop year.

Another Christmas card that we appreciate very much comes from our grandson and his lovely wife, Ed and Suzanne Wetzel of Houston.

Ed spend four years in the U. S. Air Force, much of the time in Germany before returning to Houston about a year ago. Suzanne comes from the Deep South, living in Alabama, Arkansas and Tennessee before moving to Houston.

She attended a girls' finishing school in Tennessee and is well versed in the traditional studies as well as in style and in athletics, having made the All-State girls basketball team in Tennessee.

We also received a very interesting Christmas folder from the Comanche Hospital, Inc., including the personal good wishes of Doctors Blackwood, Flannery and McCordle, as well as the entire assisting force.

The folder also outlined a number of improvements that have been made at the hospital during the last few months.

One of the last cards to be received during the recent holidays, but among those most highly appreciated, was one from the Jolink family—Betty, John, Gray and Dirk.

The message read, "Peace on Earth" and may that be far more than just a phrase—may it be the promise Christmas holds for all the coming days."

John holds an important position with the City of Comanche, and Bettie, a Texas Tech graduate, and a former member of the Comanche school faculty, is testing up a bit this year, however she still takes time out to do some substitute teaching.

They are an important family in Comanche, but take time off from their labors to have some fun and are just the kind of people who nearly always make all about have a good time, too.

A card that we perhaps received for the first year, comes from the H. S. Fletcher family. It says, "Hoping that joy and good cheer will fill your holiday season."

Superintendent Fletcher now in his fourth year with the Comanche School System with his able corps of teachers, we think, is developing our school system into one of the best in Texas for towns of our size; and when building is completed next year, it perhaps will not take second place to any school system in this section.

Superintendent Fletcher is a man of great executive ability and tries to meet or exceed every standard set by the Texas Educational Agency and every special educational need of the community.

The Fletchers have a son who is a high school freshman and a daughter in the grades. We have not talked with Mrs. Fletcher very much, but Mrs. Wilkerson and she have become friends and she says that Mrs. Fletcher is a very interesting and charming lady.

Twenty years ago, it took an average of 3 months' wages to pay the hospital bills resulting from a case of pneumonia. Today, a case of pneumonia is usually cured at home — with drugs that cost an average of only 5 hours' wages. That's one of the many facts that prove — today's prescription drugs are the biggest bargain in history!
